Environment and Climate Change Canada	Aboriginal Fund for Species at Risk	The program will be accepting Expressions of Interest until November 18 th 2017. The submission of an Expression of Interest is strongly encouraged, particularly for applicants who have not received AFSAR funding in the past or for those applying to a new stream. The deadline for proposal submissions is December 9 th , 2017	Funding usually ranges from \$10,000 to \$50,000 per year. Projects may extend over more than one year. A minimum of 20% matching contributions (from non-federal sources) is required (20% confirmed match for each \$1 of AFSAR funding).	Indigenous Associations/organizations, territorially based Indigenous groups, District councils/Chief and Council, Traditional appointed advisory Committees, Indigenous corporations, Tribal councils, Indigenous partnerships and groups, Indigenous school authorities, Indigenous cultural education centres, Indigenous land/resource management authorities, Indigenous co-operatives, Indigenous societies, Indigenous boards and commissions and other organizations (Indigenous and non-Indigenous) if mandated by eligible recipients.	Helps Indigenous organizations and communities across Canada build capacity to enable them to participate actively in the conversation and recovery of species protected under SARA. Capacity building includes skill development, tool development and information management to enable Indigenous organizations and communities to acquire, develop, and use knowledge and skills to so that they can play an active role in the implementation of SARA.	ESRD_ACS@ec.gc.ca
	ECOAction Community Funding Program	Extended Deadline December 23, 2017	Funding is available up to a maximum of \$100,000 per project	environmental groups, community groups, youth and seniors groups; community-based associations, service clubs; and Aboriginal organizations	The program supports projects that address the following four themes: Clean air: to reduce emissions that contribute to air pollutants; Clean water: to divert and reduce substances that negatively affect water quality or to focus on water conservation and efficiency; Climate change: to reduce greenhouse gas emissions that contribute to climate change or to deal with the impacts of climate change; Nature: to reduce biodiversity loss, protect wildlife and plants, and protect and improve the habitat where they live	The application form can be downloadable at: www.ec.gc.ca/ecoaction . To obtain a hardcopy, contact your Environment Canada regional office. For details on what information is required to complete the Application Form, see Annex A - How to Complete the Application Form, located at the end of this guide.
	Environmental Damages Fund	January 31, 2017	\$33,000	Non-Government organizations, universities and academic institutions, Aboriginal groups, provincial, territorial and municipal governments	For projects addressing the conservation and protection of fish or fish habitat in the Province of Alberta, with preference given to projects in the North Saskatchewan River Watershed.	Confirm funding information, the eligibility of your group and project idea or submit a draft project proposal for feedback by contacting your Environment Canada regional office.
	Habitat Stewardship Program for Species at Risk	The annual call for proposals takes place in the fall	Funding usually ranges from \$10,000 to \$100,000 per year. Projects may extend over more than one year. A minimum of 1:1 matching contributions (from non-federal sources) is required (\$1 confirmed match for each \$1 of HSP funding)	Non-governmental organizations, Community groups, Indigenous organizations and communities, Private corporations, Educational institutions, Provincial, territorial and municipal governments, Crown corporations	The Habitat Stewardship Program (HSP) allocates funds to projects that conserve and protect species at risk and their habitats and help to preserve biodiversity as a whole. These funds promote the participation of local communities to help with the recovery of species at risk and preventing other species from becoming a conservation concern.	To become involved in the HSP, you must have an eligible project. Contact your regional coordinator below to find out whether your organization and project would be a candidate for funding. Alberta (780) 951-8672
	National Wetland Conservation Fund	Call for proposals takes place in the fall	Funding is variable and depends on the project. Typical funding ranges from \$50,000 to \$250,000 per year, with a maximum amount available of \$500,000 per year per project. A minimum of 1:1 matching contributions (from non-federal sources) is required (\$1 confirmed match for each \$1 of NWCF funding).	Non-government organizations, Aboriginal organizations and communities, individuals, universities, conservation authorities, private corporations, as well as provincial, territorial and municipal governments and provincial Crown corporations.	The National Wetland Conservation Fund (NWCF) supports on-the-ground activities to restore and enhance wetlands in Canada. The objectives of the fund are to: Restore degraded or lost wetlands on working and settled landscapes to achieve a net gain in wetland habitat areas; Enhance the ecological functions of existing degraded wetlands; Scientifically assess and monitor wetland functions and ecological goods and services in order to further the above objectives to restore and/or enhance wetlands; and Encourage the stewardship of Canada's wetlands by industry and the stewardship and enjoyment of wetlands by the Canadian public.	Complete application form and submit to this email address: www.ec.fcmh-rwcf.ec@canada.ca
Federation of Canadian Municipalities	Green Municipal Fund	Initial review form March 1, 2017 Invitation April 15, 2017	From \$175,000.00 to \$10 million dollar loan	Municipal government applications include these entities: City, County, Region, rural municipality, town, township, village, First Nations (if documents include a copy of relevant statute and agreement with various orders of government)	GMF funding is available for plans including sustainable neighborhood action plans, community brownfield action plans and greenhouse gas reduction plans, feasibility studies and pilot projects aligned with our capital project criteria in the brownfields, energy, transportation and waste and waste sectors, capital projects in the brownfields, energy, transportation.
