

## First Nations (Alberta) Technical Services Advisory Group

*"Be a leader with integrity by cooperatively providing a safe sustainable future for First Nations through quality technical services."*

# R2000 Housing and Standards Training / Energuide Rating System

- R-2000, created in 1982, is an industrial-endorsed technical performance voluntary standard for energy efficiency, indoor air quality and environmental responsibility

# R2000 Housing and Standards Training / Energuide Rating System (ERS)

- TSAG Service Organization since 2003 licensed to deliver the R2000 and ERS
- Saddle Lake RTM is our first and only trained & licensed R 2000 Builder

# R2000/ ERS Program feedback

- TSAG marketing approach:
  - TSAG website
  - TSAG Toolkit and Annual Report
  - Annual Conference & Tradeshow
  - meetings with Housing Managers, TSAG Board of Directors and Chiefs Steering Committee

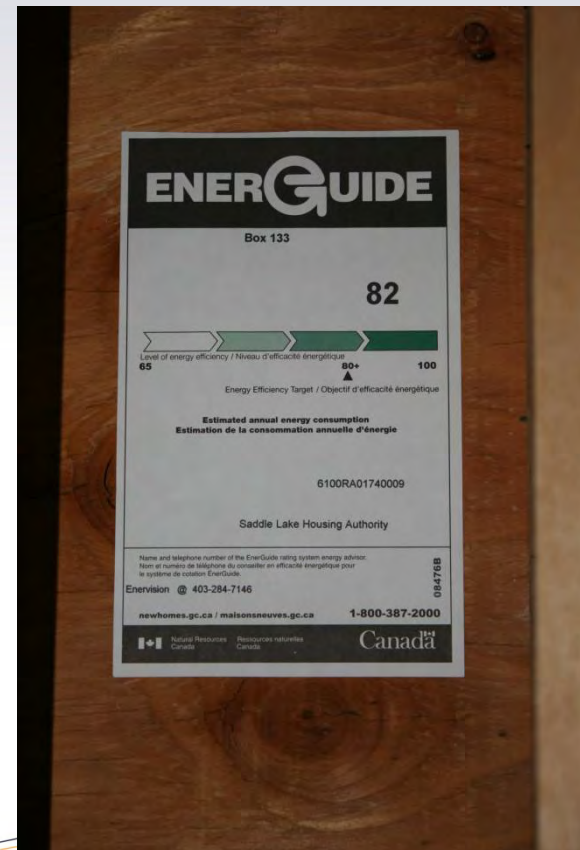

# R2000/ ERS Program training

- Workshops:
  - R2000 Builder workshop
  - Energy evaluator / Plan evaluator
  - HRAI – Level I Mechanical Ventilation Installation
  - New Home Maintenance

# EnerGuide Rating System (ERS)

## EnerGuide Label

- An EnerGuide rating shows a standard measure of your home's energy performance. It shows you (and future buyers) exactly how energy efficient your home is.

# ENERGY STAR for New Houses

- TSAG is currently reviewing ESNH as another program encouraging EE homes

# ENERGY STAR for New Houses

- To provide consumers with access to energy efficient new homes, and builders with a means to building these homes in a timely, simple and cost-effective manner using common building practices

# 2011-2012 Training

- Level I Mechanical Ventilation Installation course - Heating, Refrigeration and Air Conditioning Institute of Canada (HRAI)
- Builders workshop
- Energy Advisor

Thank you
