Every Christmas, the Bradley family invites people from their community for turkey dinner. Mr. Bradley is famous for deep-fried turkey that he cooks in his garage.

Oops- I didn't realize I had collected so much stuff. I guess we'll need to clean up a bit.

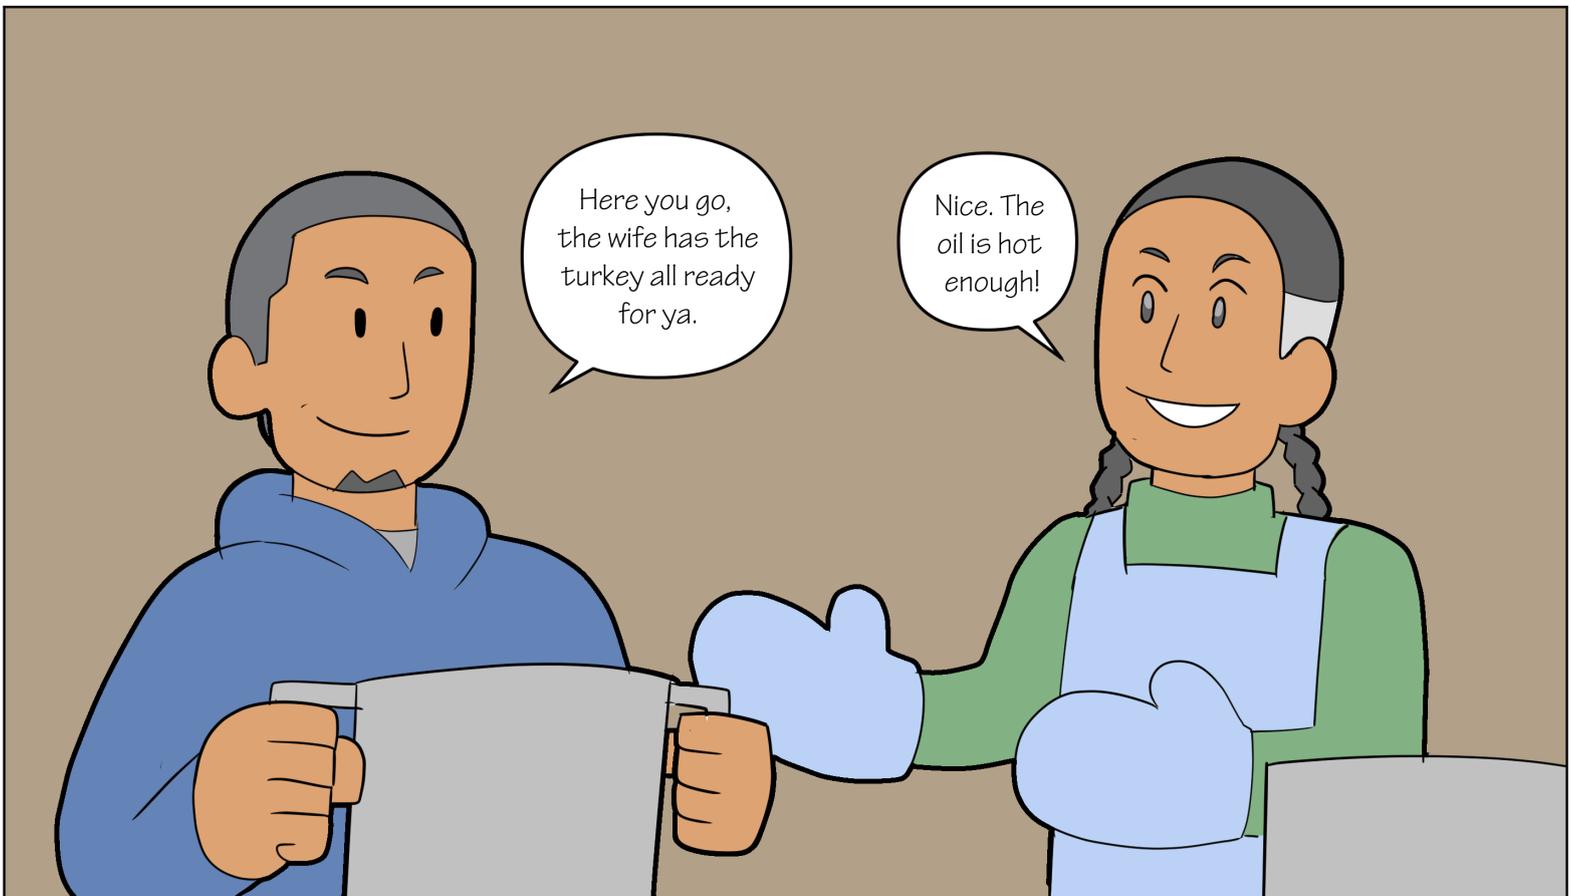

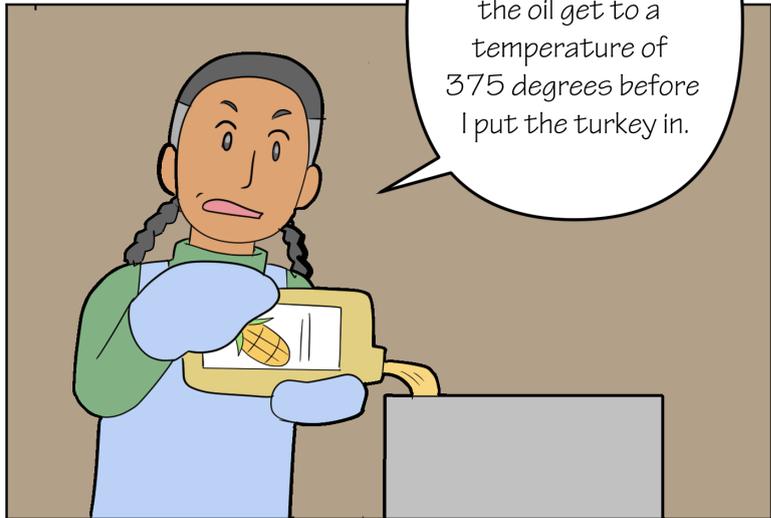

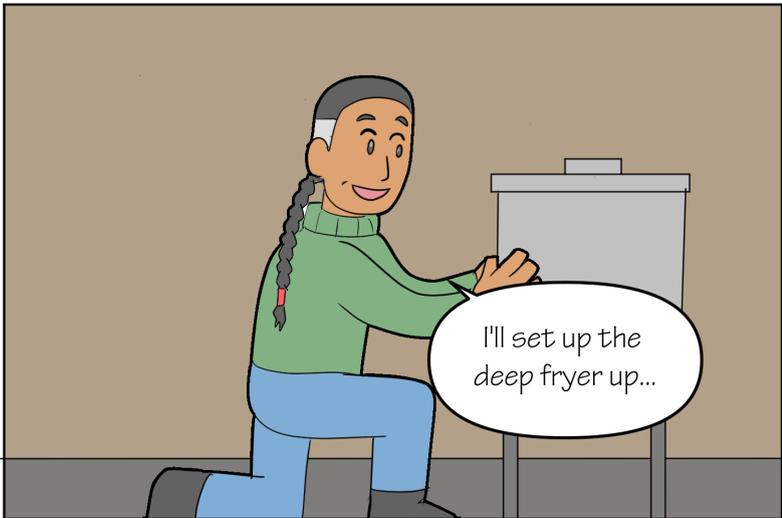

Meanwhile in the garage...

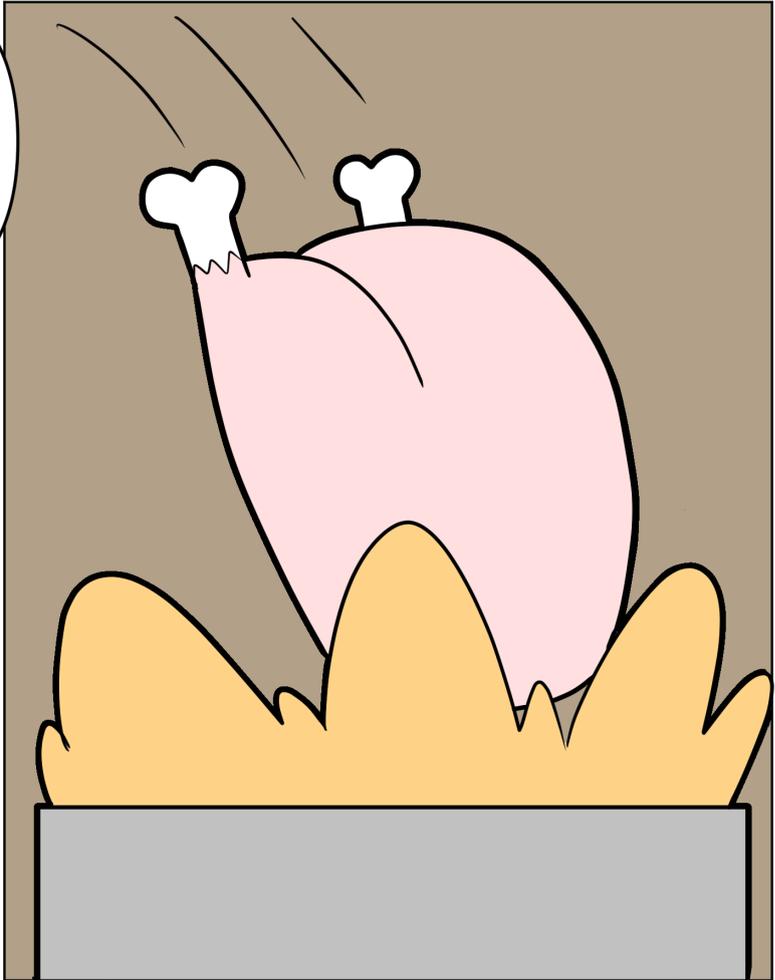

A bit?

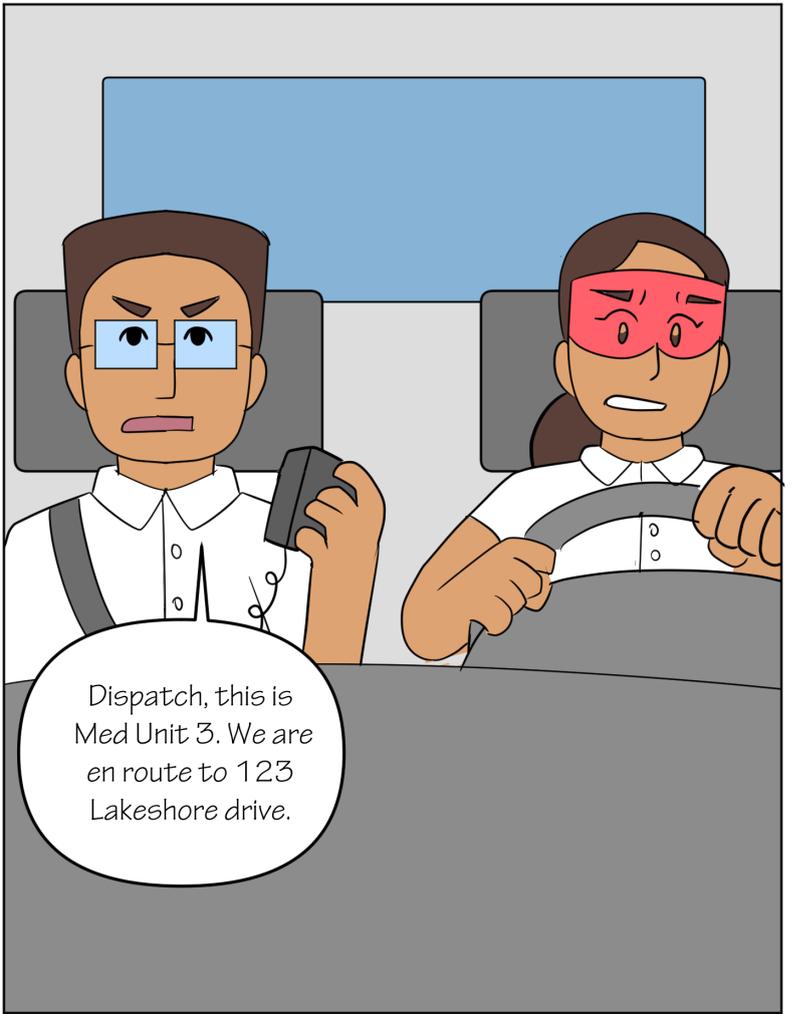

Hahaha!

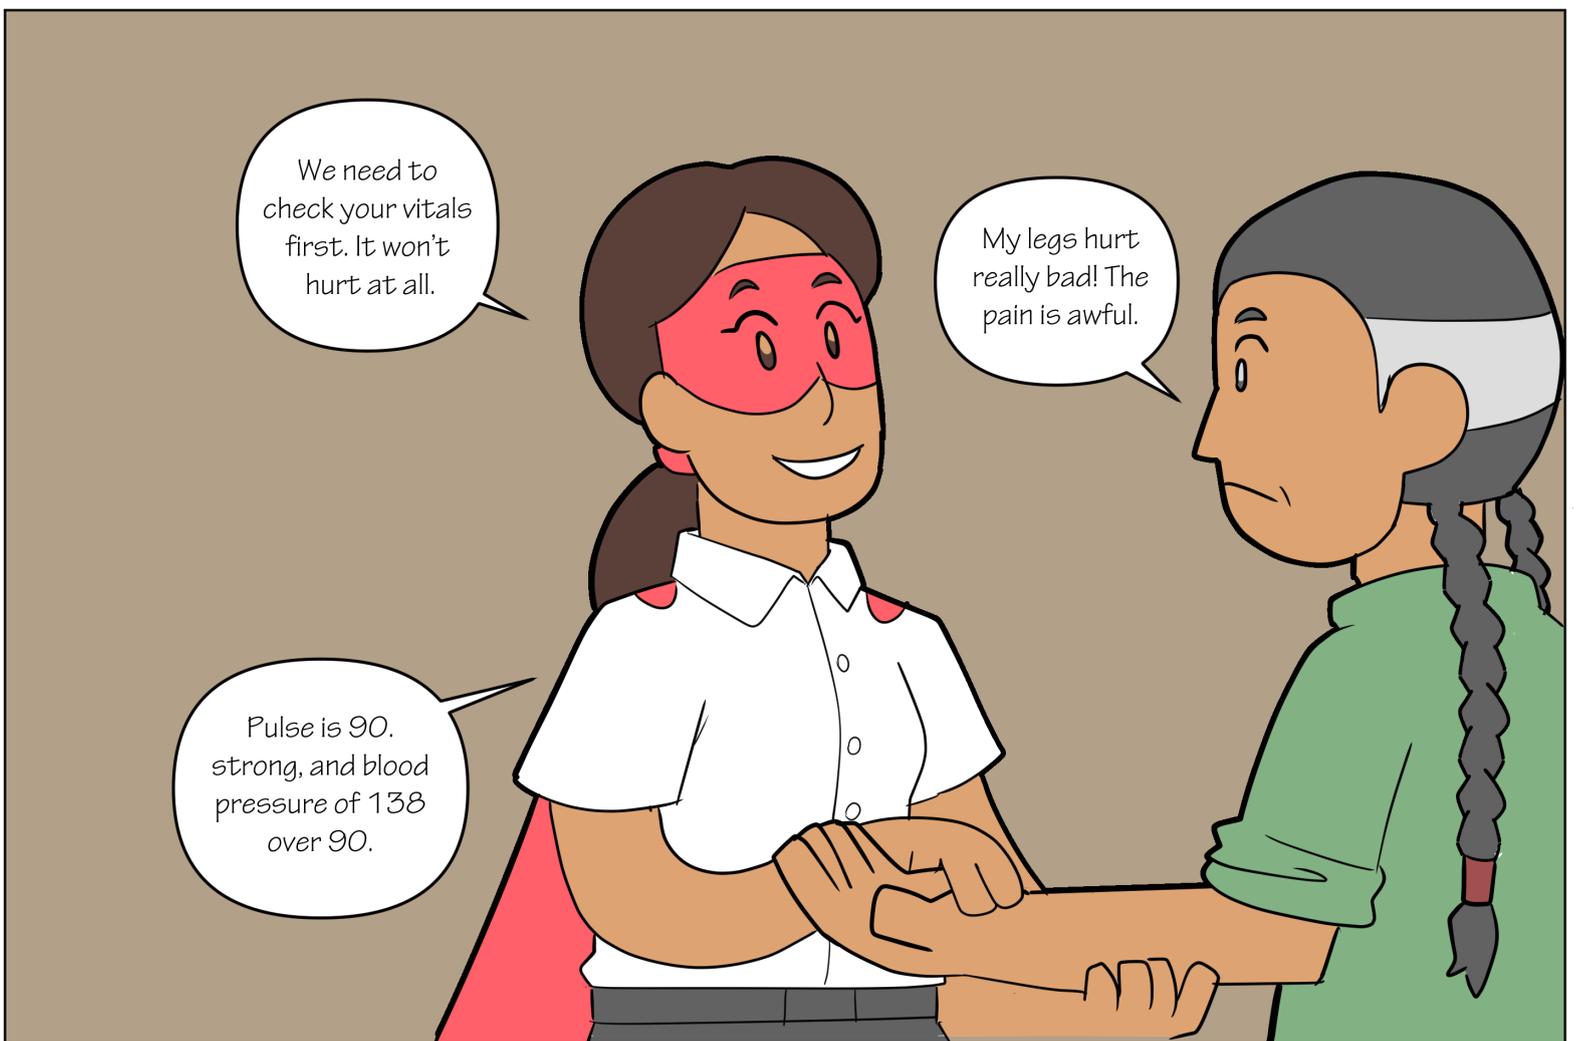

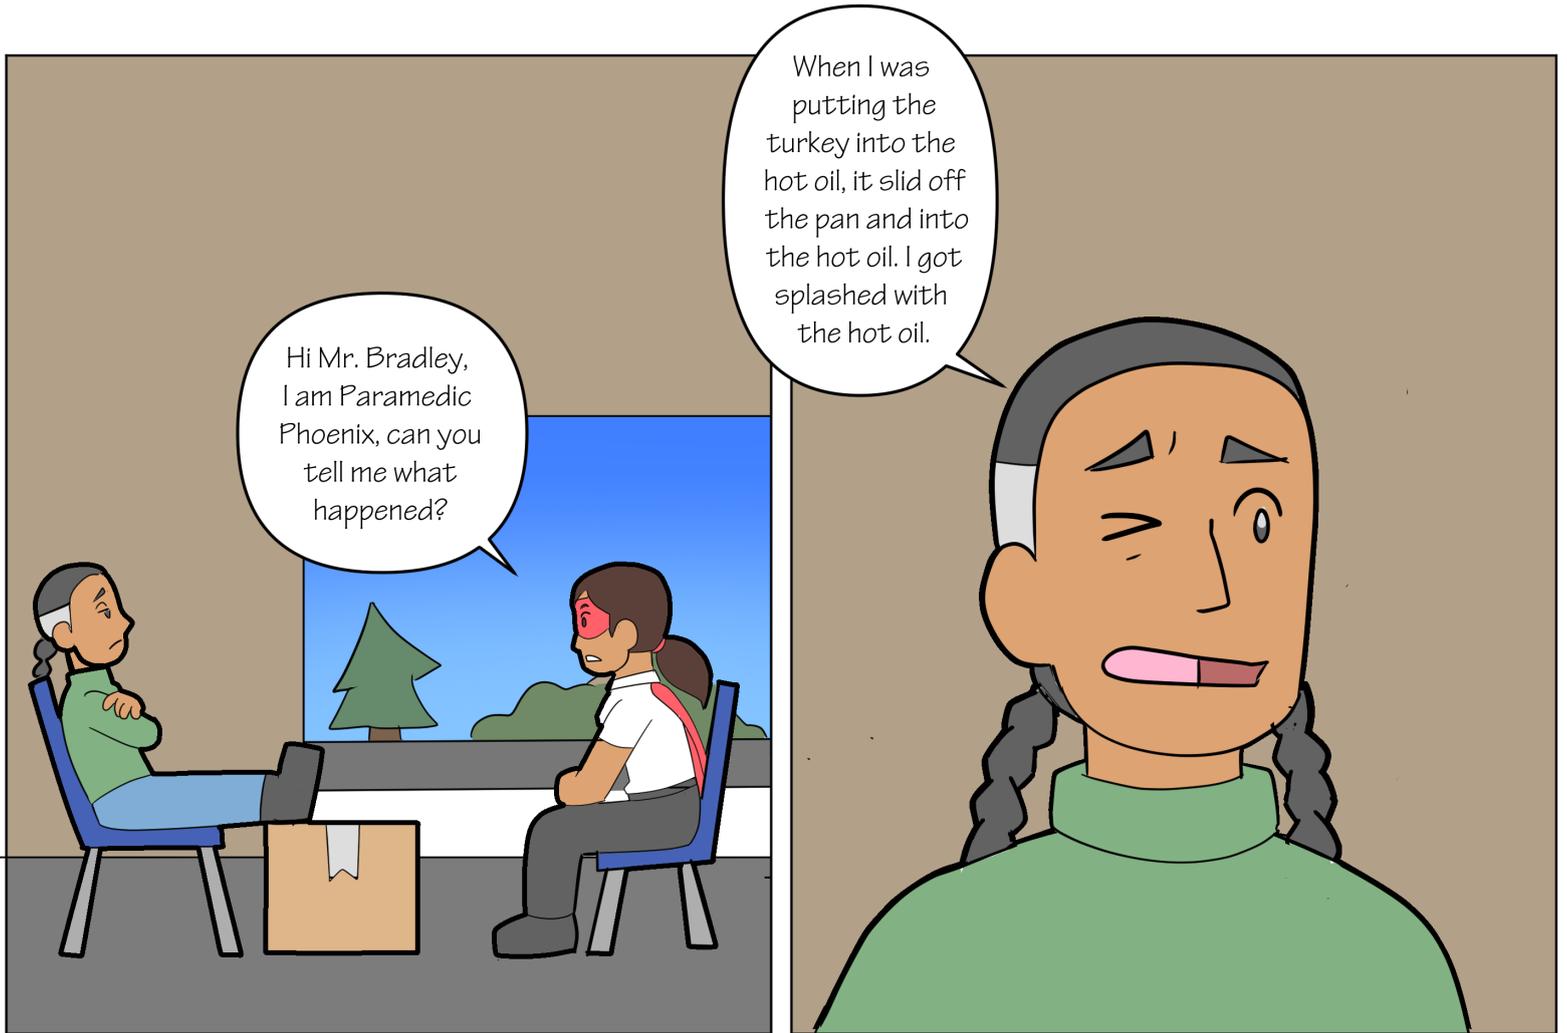

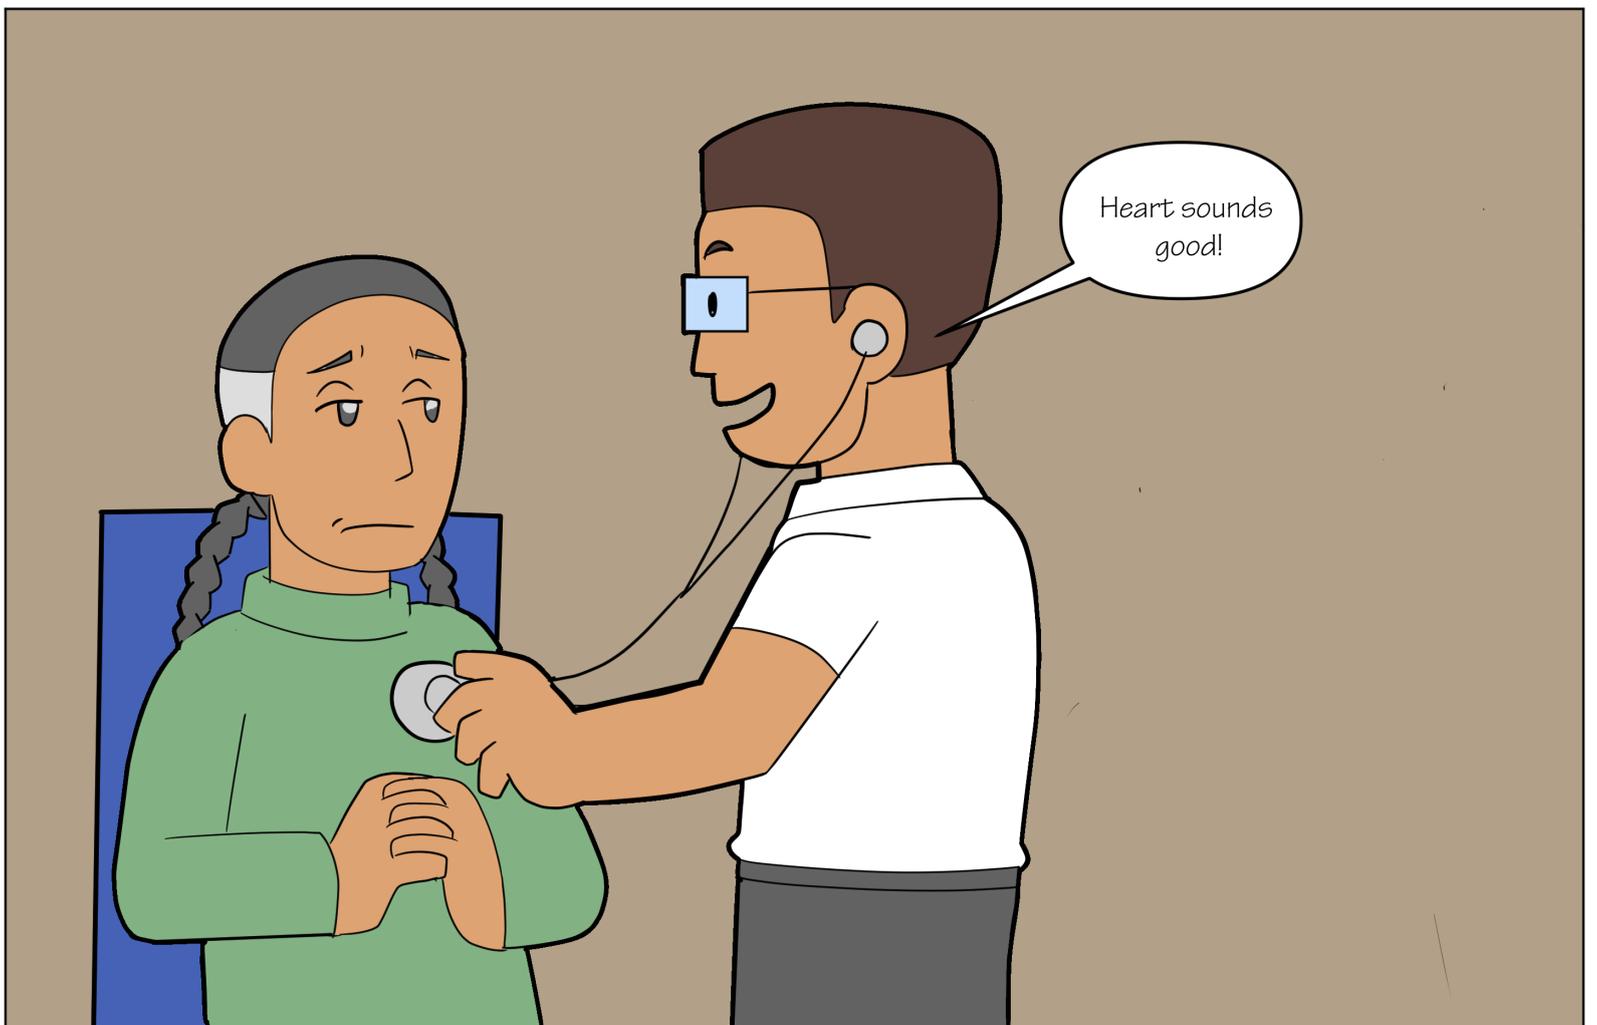

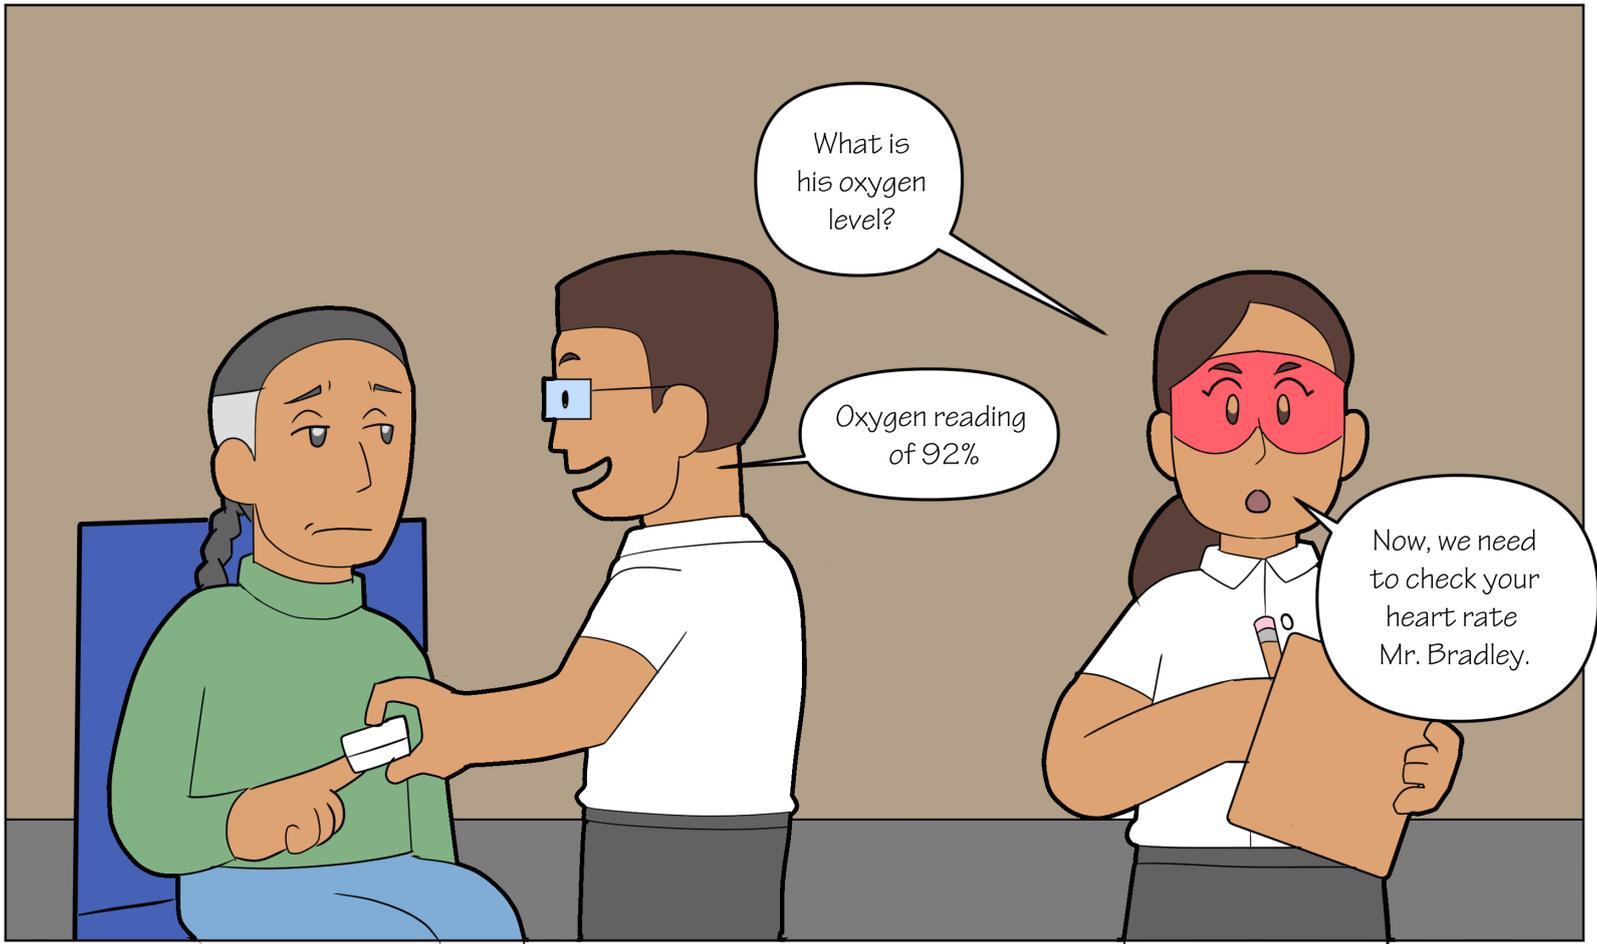

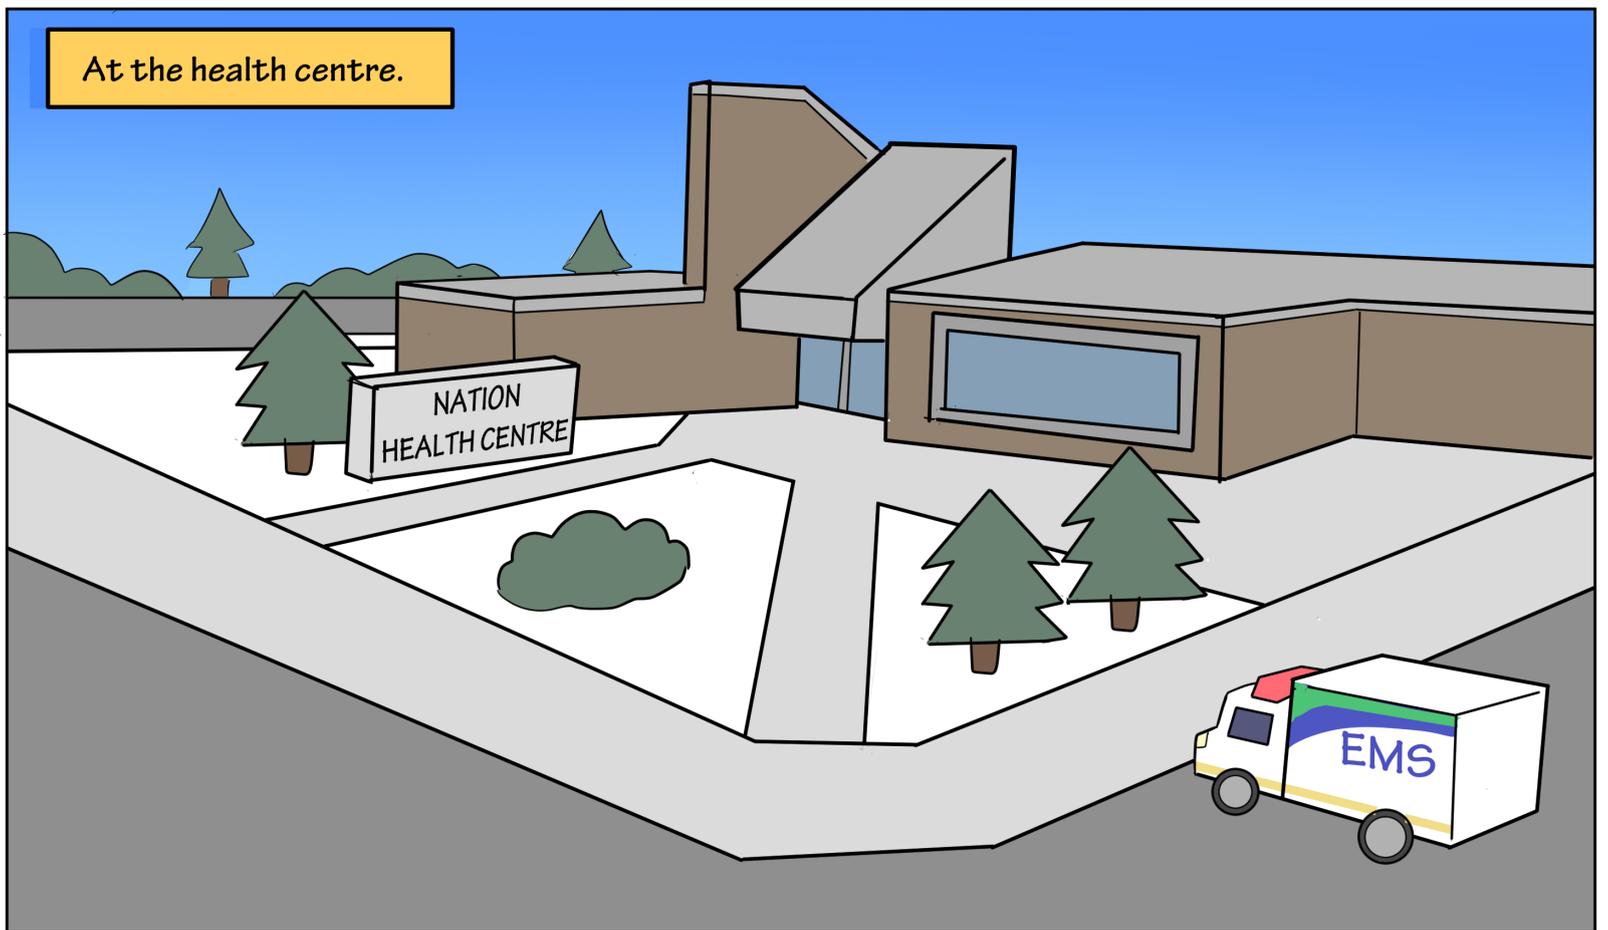

This is a gel dressing that helps cool the burn. We are taking you to the Health Centre so that they can treat the burn better.

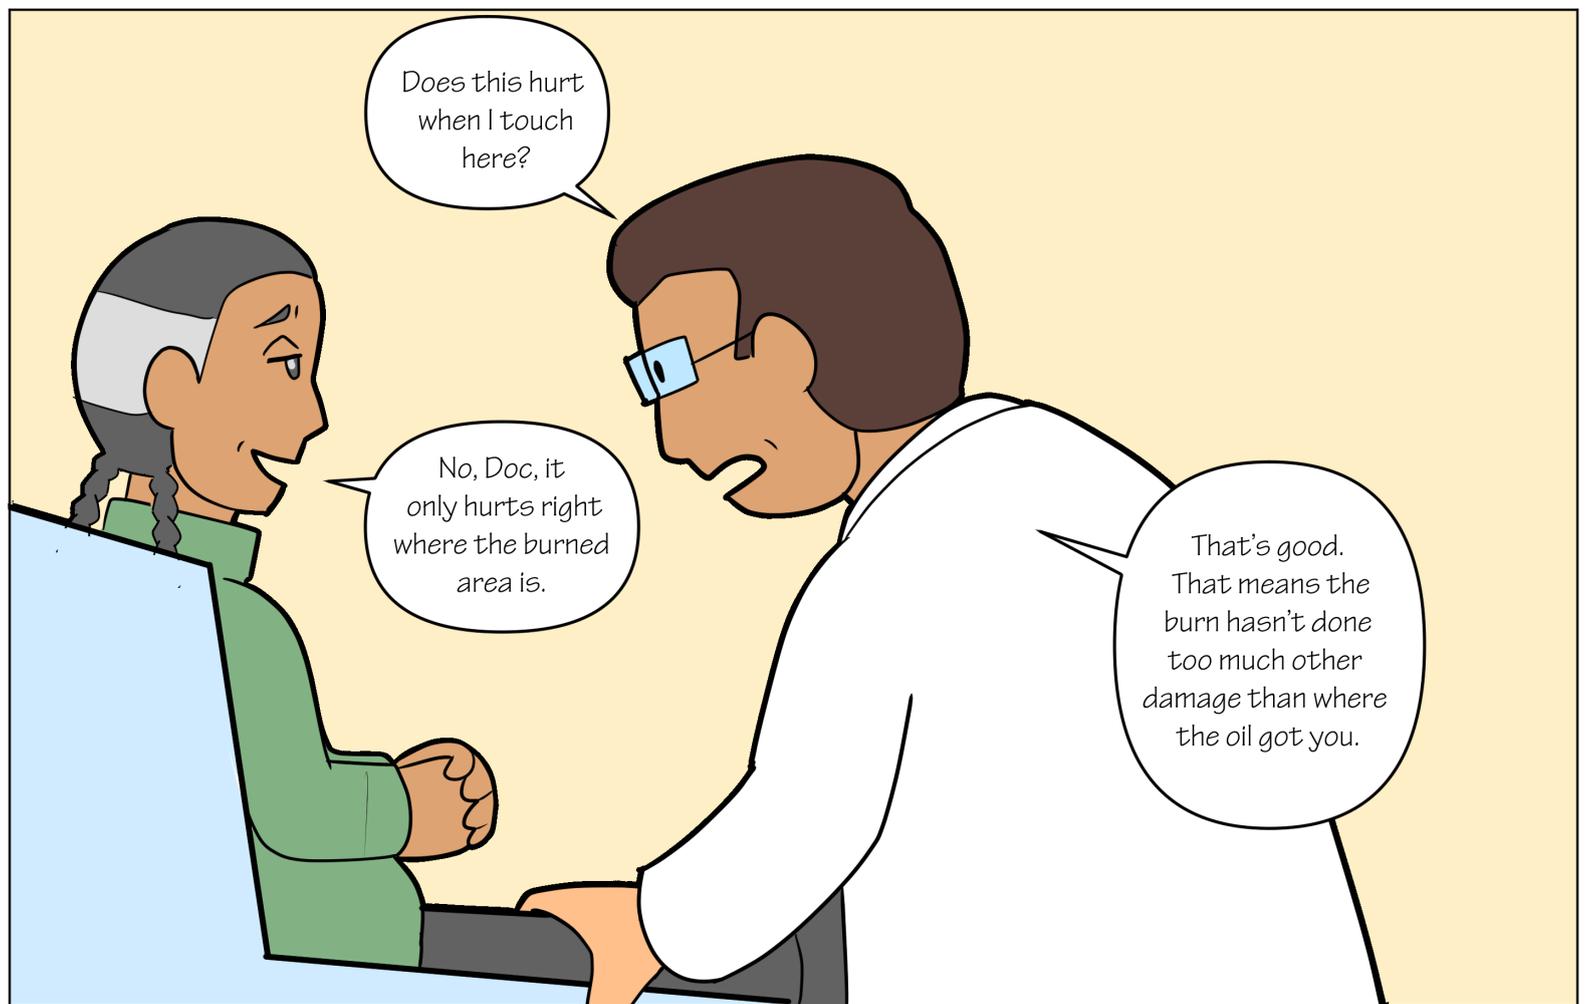

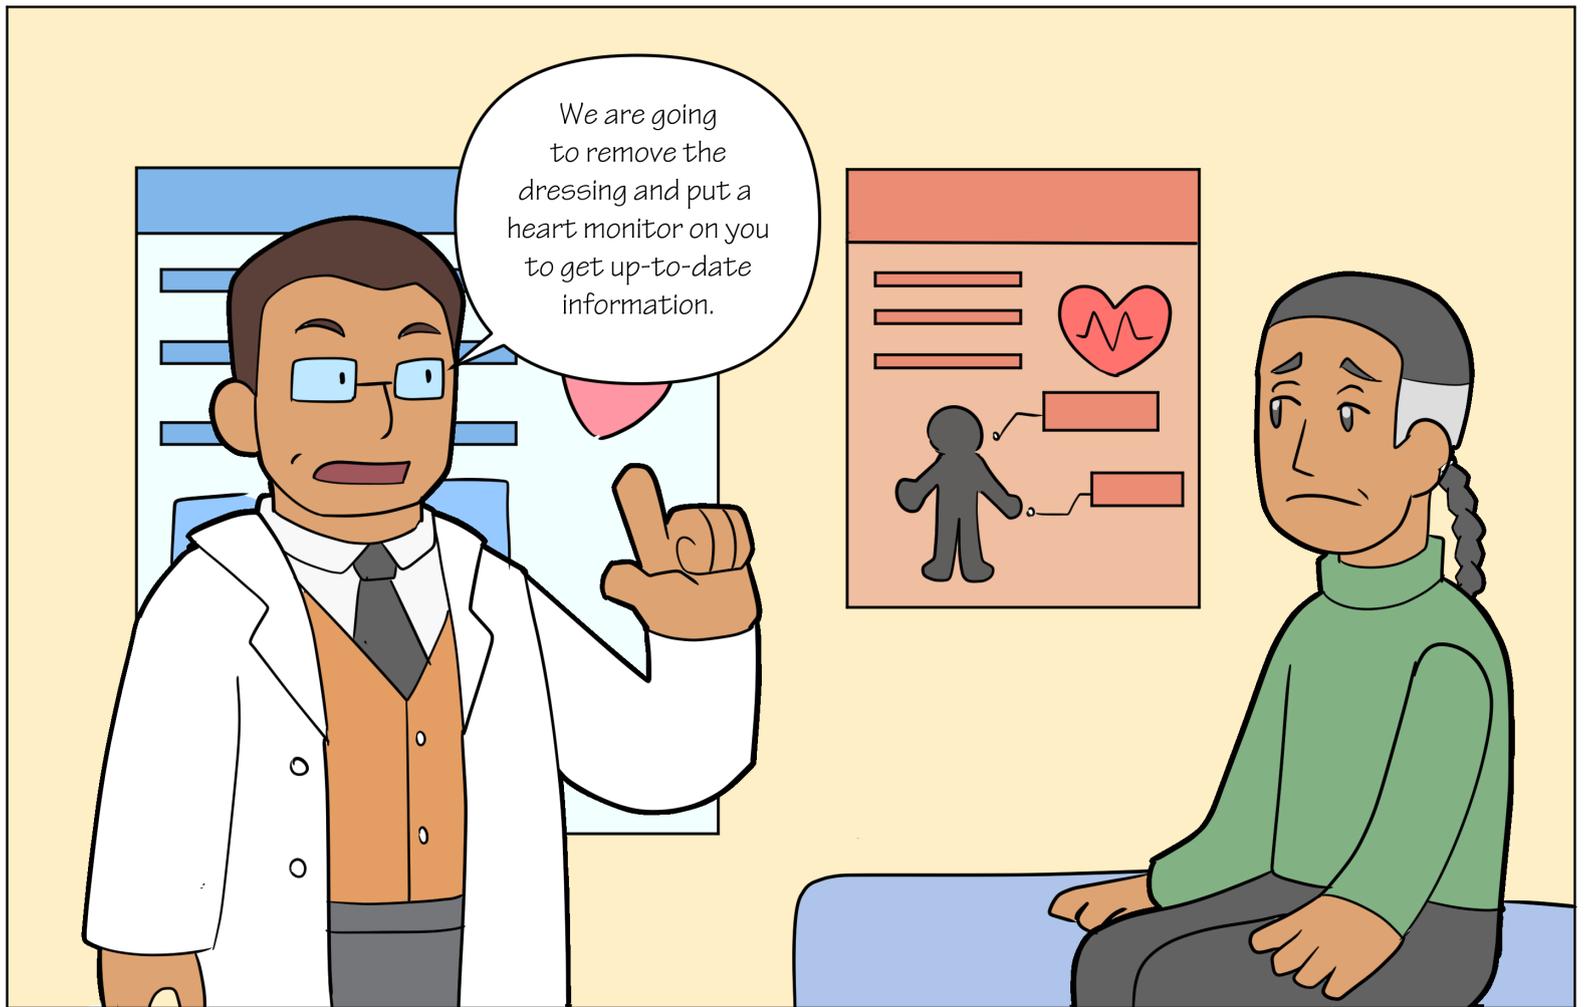

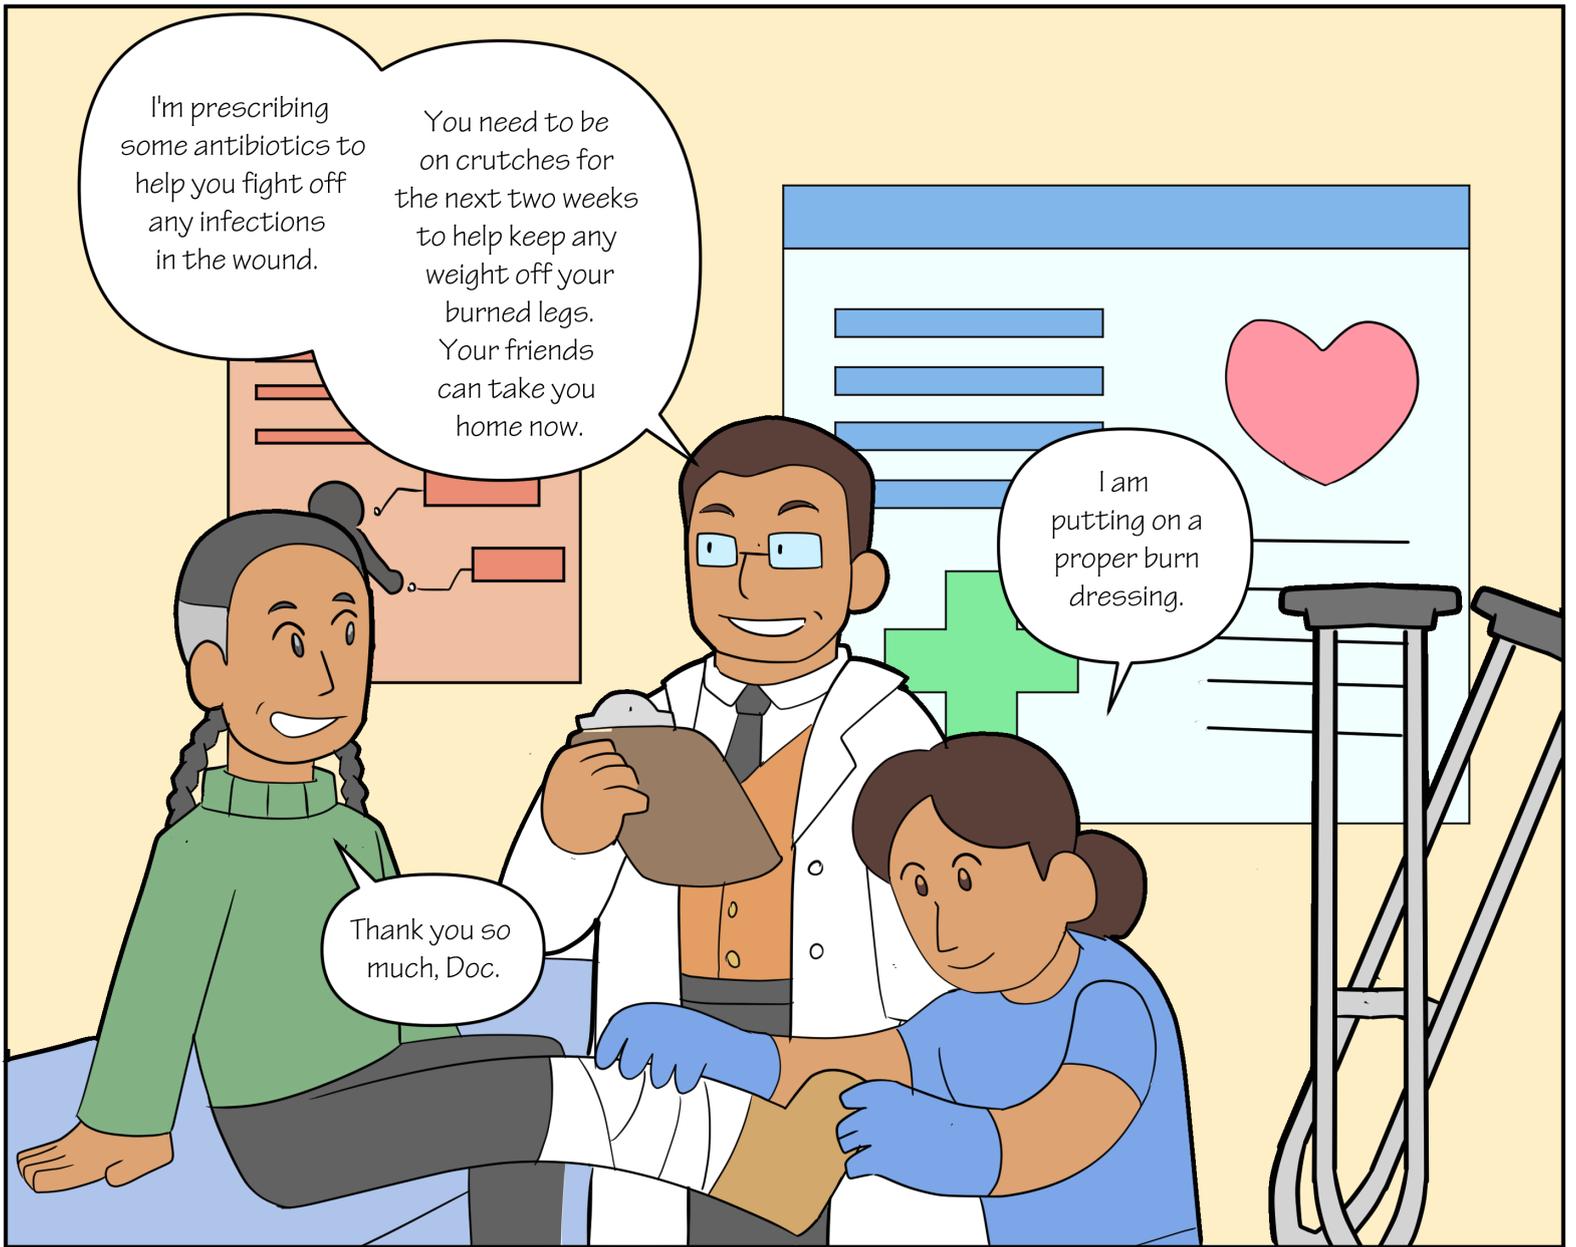

Thank you. I don't want to take any chances.

Don't worry Mr. Bradley we will take good care of you.

I'm prescribing some antibiotics to help you fight off any infections in the wound.

You need to be on crutches for the next two weeks to help keep any weight off your burned legs. Your friends can take you home now.

I am putting on a proper burn dressing.

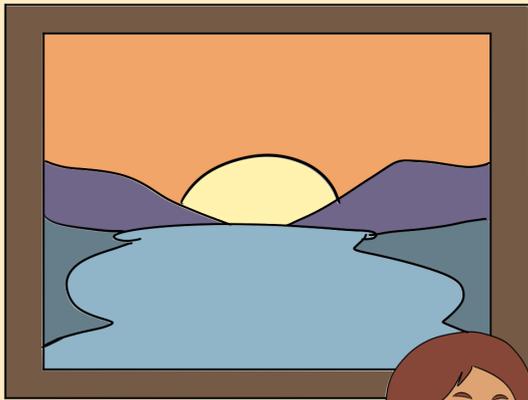

Thank you so much, Doc.

We are so relieved that you are ok.

Yeah, we were worried. By the way... we bought another turkey and cooked it in the oven this time.

It's all good. Let's go enjoy a turkey dinner!

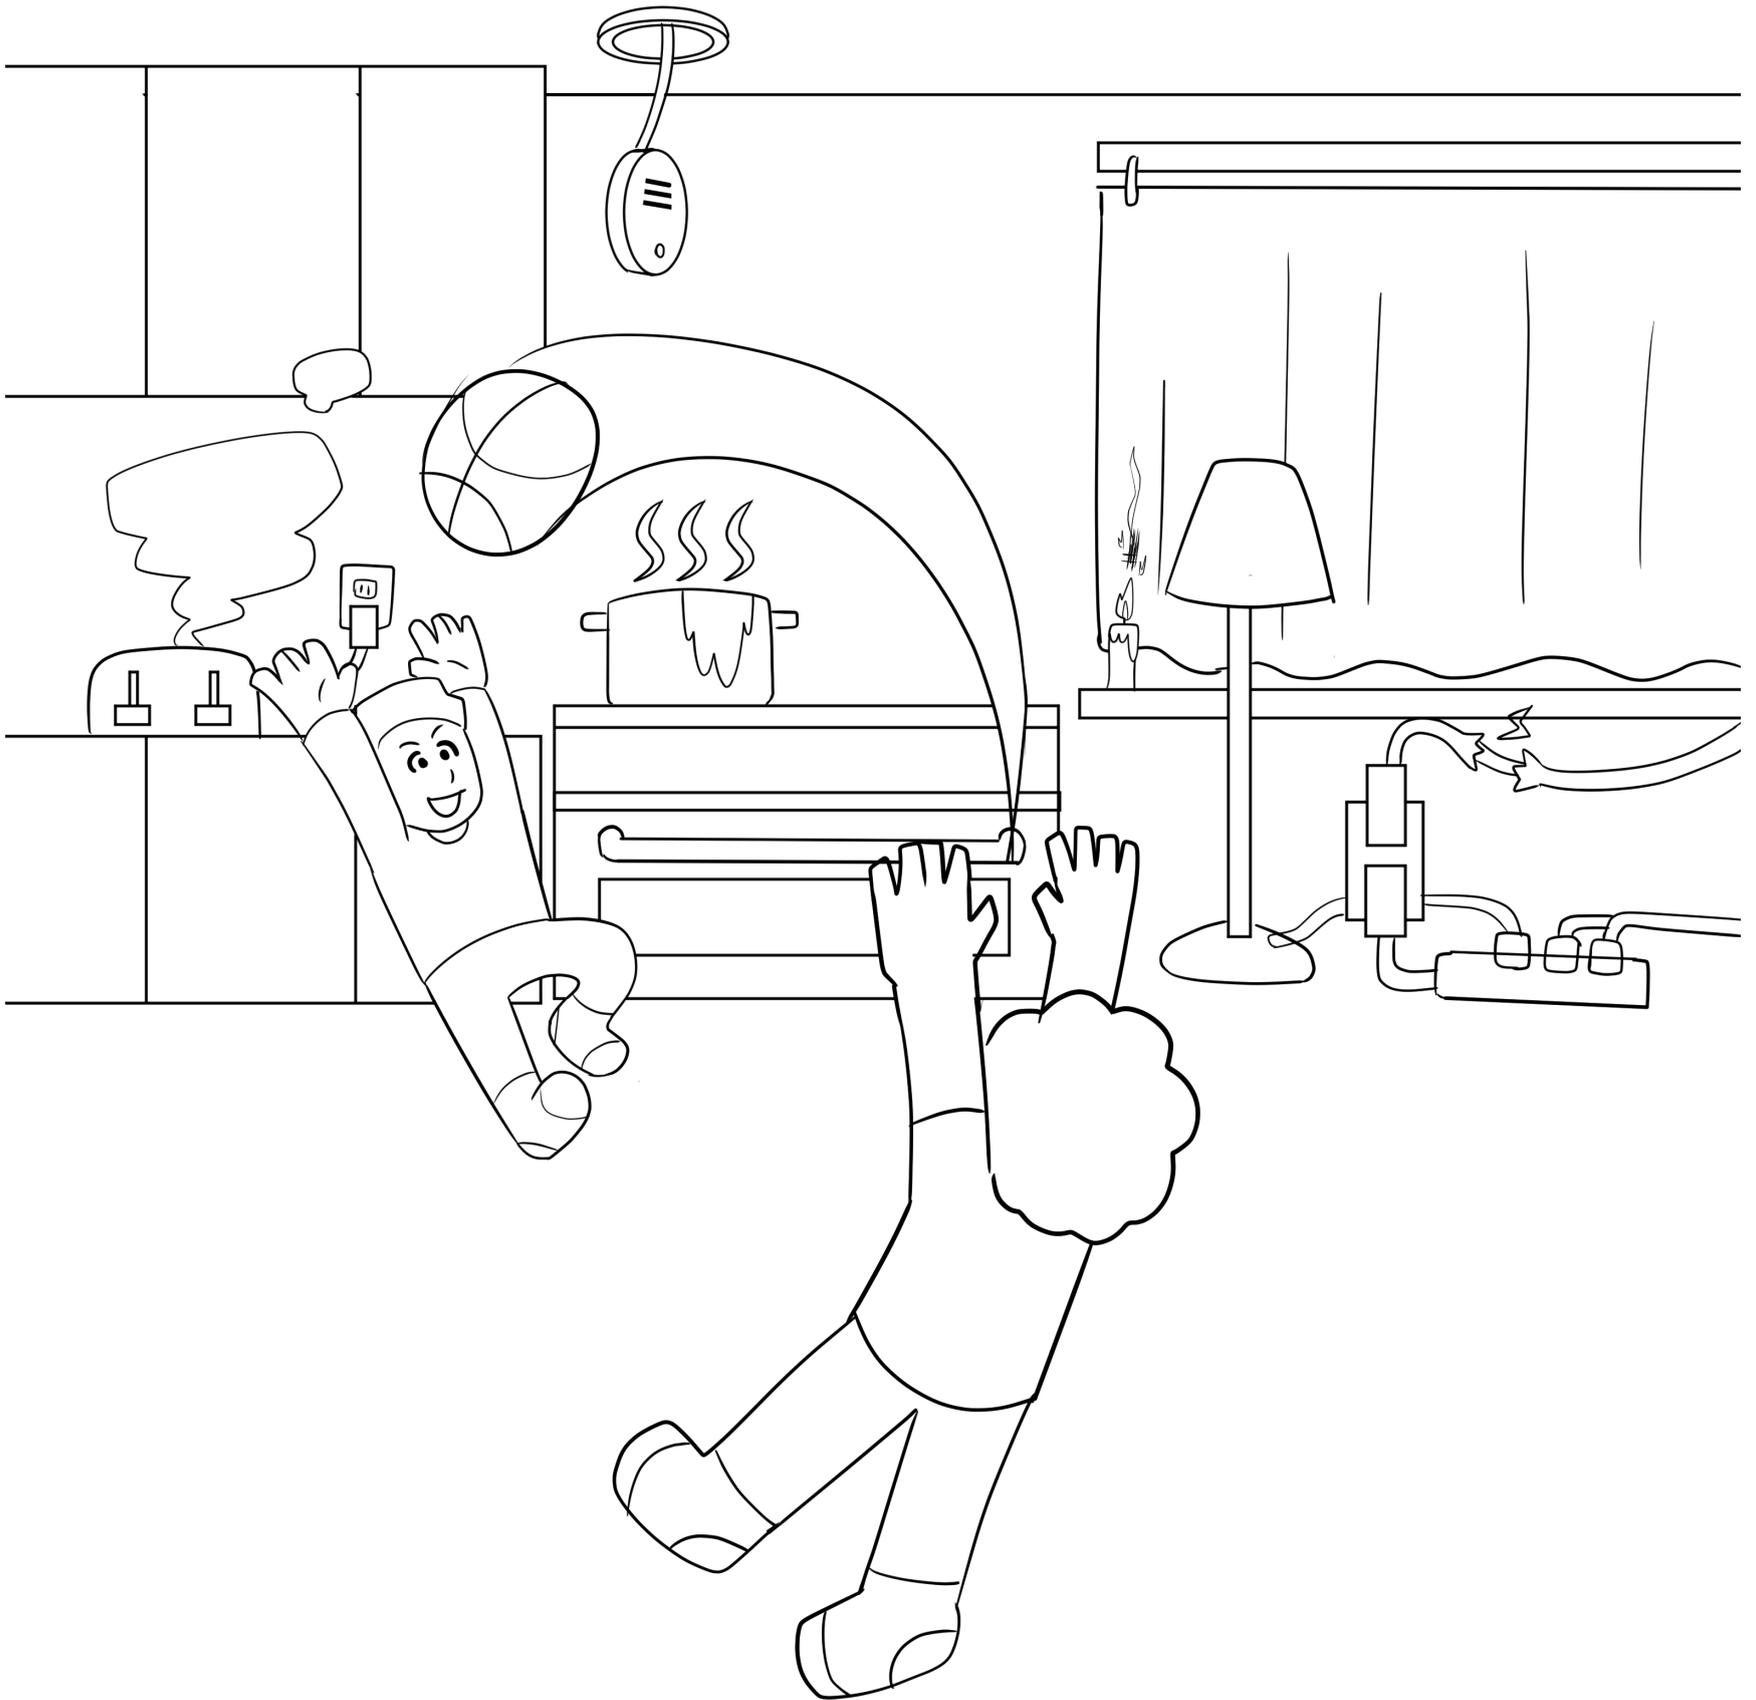

I am so grateful to be sitting here and enjoying a Christmas dinner with all of you.

# Activity Page

Find and circle all the dangers in the Kitchen!

# For Parents and Teachers:

## Holiday Safety Checklist

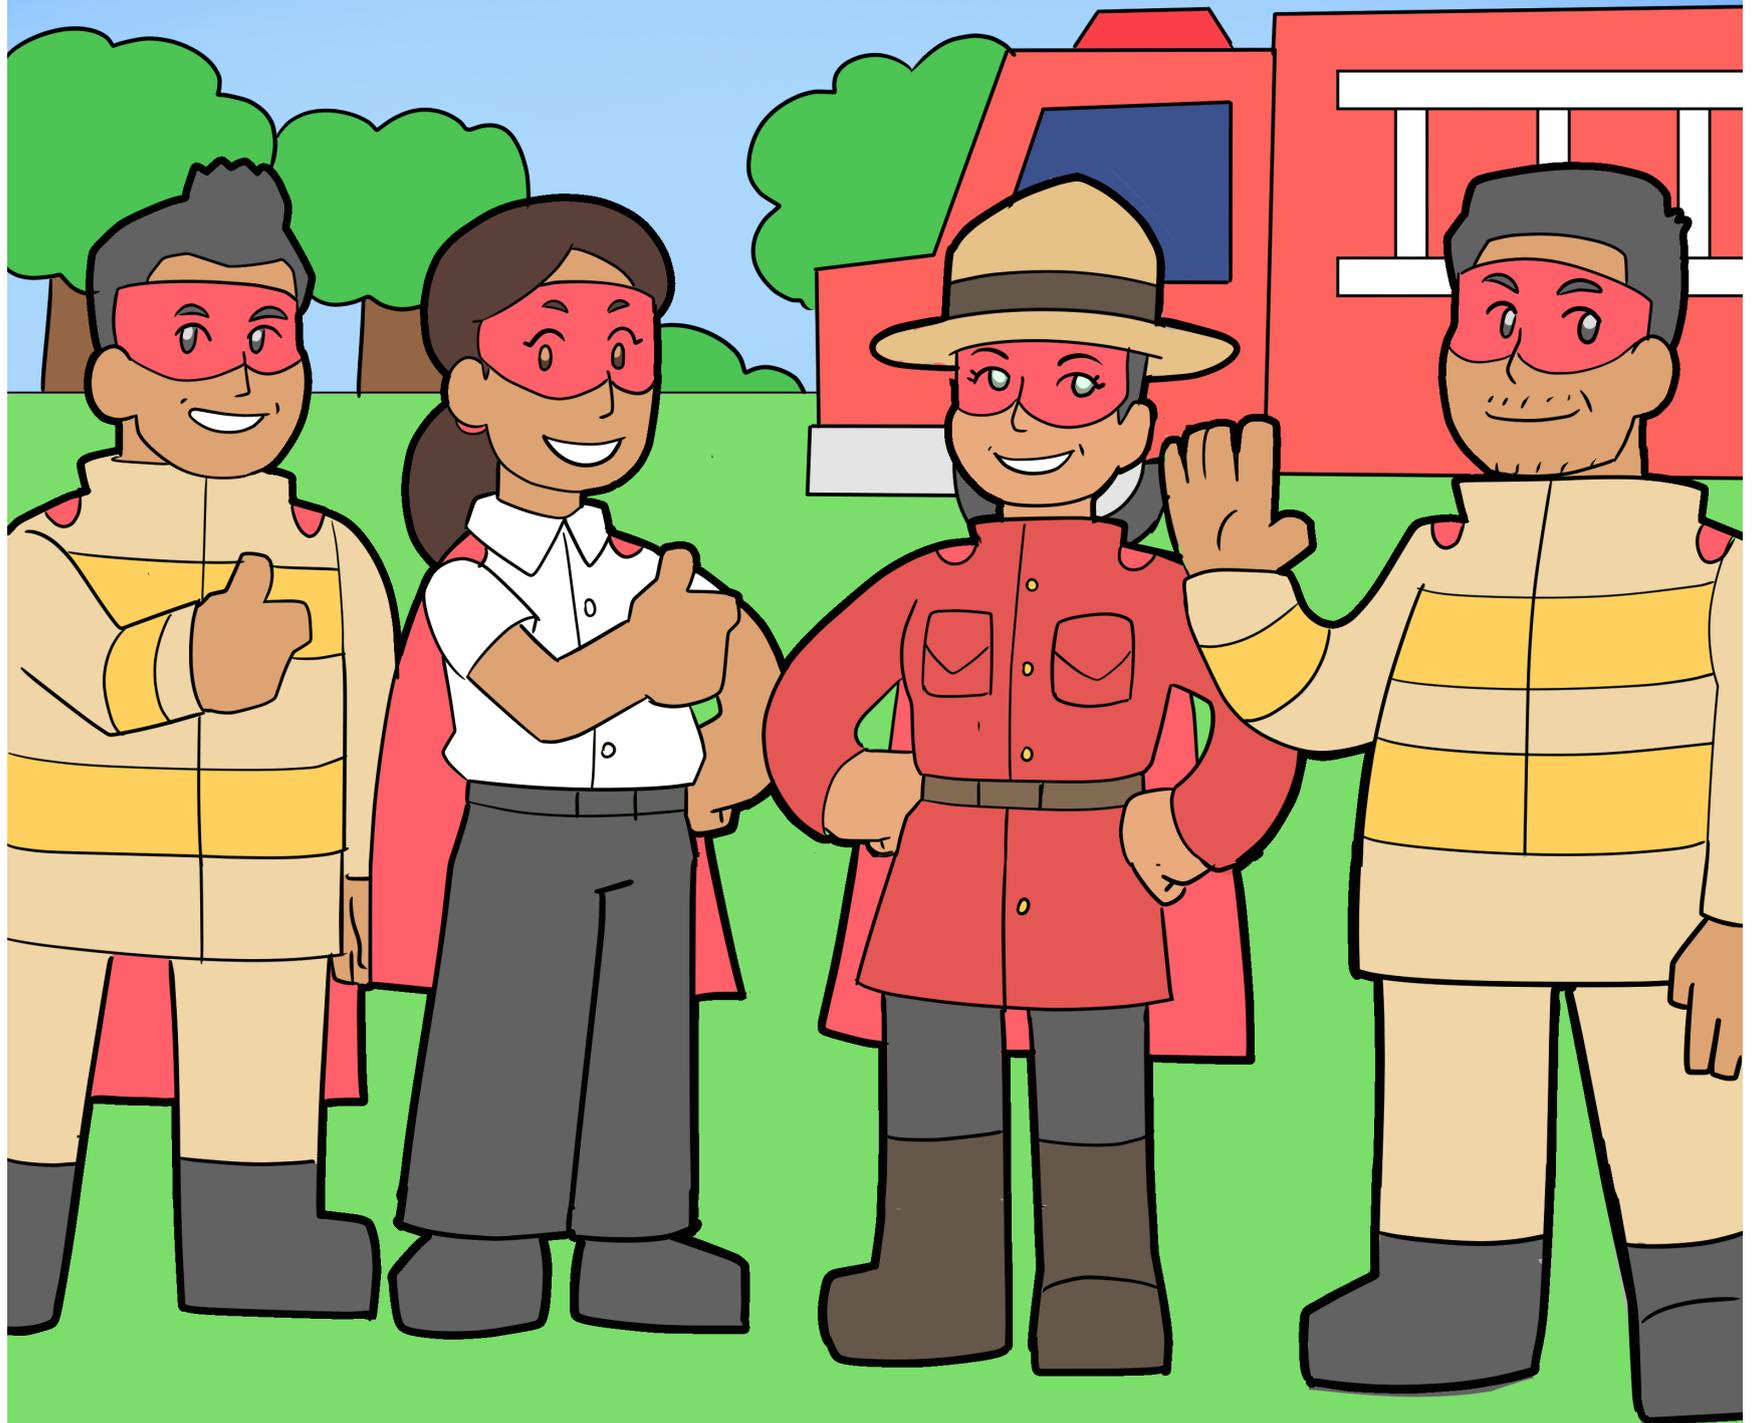

- Always make sure candles are extinguished before bed or leaving the room or house.
- Do not plug too many items into one extension cord.
- Don't let children play near wood stoves, fireplaces, candles, space heaters or a stove/oven.
- Dispose/recycle all toy packaging like plastic bags, plastic wrap, foam, staples, ties and protective film. A child can suffocate or choke on these items.
- Ensure batteries are not accessible to children and are properly installed by an adult.
- Extinguish candles when they burn down to within two inches of the holder or decorative material. Never let them burn all the way down.
- If you have a real Christmas Tree- keep it watered and ensure it is a safe distance away from candles, fireplaces, stoves, or heaters.
- Keep any flammable materials (furniture, clothing, decorations, curtains etc.) at least one meter from space heaters, wood stoves, stoves, and candles.
- Keep candles, matches and lighters away from children and pets.
- Keep pot handles out of reach of children.
- Never put extension cords under rugs.
- Monitor all food being cooked.
- Never use more than three sets of lights in one extension cord.
- Turn off all Christmas lights when you go to bed or leave the house.
- When you are cooking, stay in the kitchen and watch the food.
- When you are setting up your tree, check each set of lights for cracked or broken bulbs and sockets, bare or frayed wires, and loose connections. Always throw out damaged sets of lights.

## Tear-Out Page: Paramedic Phoenix

**An Emergency Medical Responder (EMR) has many duties.**

1. When they get notification of an emergency they find the safest and fastest possible route to that person's location.
2. They assess the person's injury or illness and they can bandage wounds, deliver babies, and help stop bleeding,
3. If it is necessary, they take sick or injured people to the hospital,
4. They talk to doctors and nurses to give them details about the person's health.

*See you again for the next Emergency Services Hero adventure!*
