

Please read the following communication overview as it pertains to the change in process for Fire Investigations for Alberta First Nations. First Nations Technical Services Advisory Group Inc. (TSAG) is providing this communication to offer clarity and direction to Alberta First Nations for fire investigation services required.

In August of 2020, the Province of Alberta ceased to perform fire investigation on Alberta First Nations. Since that time, there has been some confusion and a lack of clarity offered to the Alberta First Nations, the Royal Canadian Mounted Police (RCMP), TSAG and ISC. We are happy to report that we have been offered some direction and clarity from the Province and have a new process developed that will be provided to all Alberta First Nations, RCMP detachments, TSAG, ISC and the Province.

The Province's Technical Services Group will once again be performing Fire Investigations. As of June 1st, 2021, the Fire Commissioners Office of Alberta will have Regional Technical Advisors available to support and direct investigations. All Alberta First Nations requiring Fire Investigation Services will be asked to follow the following process to engage the Provincial Technical Services Group:

- 1. Notify the local Royal Canadian Mounted Police (RCMP) detachment or your local police services.**

- 2. Contact the Alberta Provincial Operations Center (POC) to Request a Fire Investigation**
 - **The Provinces of Alberta Fire Technical Advisors can be accessed by calling the Alberta Provincial Operations Center at 1-866-618-2362**

Provincial Operation Center (POC) Information Questions for Fire Investigation Services

When accessing the Provincial Operation Center (POC) for Fire Investigation Services, the Technical Services Advisor will be asking you a number of questions in order to gather information about the circumstance concerning the fire in your Nation. It is important that you have answers these questions readily available to assist the Province's Technical Services Group. This information piece is also available on the TSAG website at www.tsag.net. The nation will be asked to provide a written consent that provides the Provincial Operation Centre and their employee's access to the Nation for the purposes of completing the Fire Investigation. Please ensure to have that email ready and signed off/approved by the appropriate person when you call the POC.

- 1. The Nation's Caller Name and Position within the Nation**
- 2. The Nation's Fire Department Name and Fire Department Contact Information**
- 3. The Name of the RCMP officer you spoke to and their contact information (detachment name, phone number, email, etc.)**
